Helpful Tips For Attorneys

We appreciate your referrals to our court-approved online driver's education course.

Alert Driver is a local full-service company. We are available to our referring attorneys during the entire course process – client registration, course progress and certificate delivery. To streamline your workload, we maintain records of all current and previous transactions. Please feel free to contact Devon Mills (devon@alertdriver.com) or give us a call during normal business hours (919 408 0745).

Alert Driver continues to update our material with the latest research on crash prevention. We are the only course that features an interactive forum with other drivers in the local community/company. We hear from drivers every day about how relevant and interesting the course is compared to a long in-person lecture. Alert Driver presents a multi-media curriculum with movies, text, slide shows and clients' discussions (**updated daily**). The course is a no-fail model that does not focus on the DMV handbook, rather on practical exercises to improve attention on the road. The course material is available to your clients on-line 24/7. They can log on/off as many times as they wish to finish the course.

Drop Down Menu

We offer a drop-down menu during registration that lists local attorneys, at no cost to you. This allows us to know who is representing a client. If there are any problems, we can contact you directly to assist in the court /certificate process. The drop-down menu *only* indicates the name of the attorney. It does not provide an associated mailing address. If you would like to be on that menu please email us.

Certificate Mailing

Your clients can enter your name and address as their certificate-shipping address in the initial registration and at the end of the course. This process greatly speeds the mailing process and gets the certificates sent directly to you. We mail completion certificates the next business day from Chapel Hill. Most local attorneys will receive certificates within 2 business days. Please make sure your clients have your name and latest address handy.

Call Us

Need an update on a client or their certificate? Simply give us a call at (919 408 0745) or send an email. **Please keep us up to date on your current email address.** We keep your email address private and do not distribute it to other vendors. We only use it to communicate about your client.

Brochures

Need brochures? We have both paper and electronic copies that you can pass along to guide your clients through the program. If you would like additional brochures or an electronic version, please contact us.
